STC Information Sheet

FAA STC: ST03516AT

Master Drawing List: 2-38238-001

Aircraft: McDonnell Douglas MD-11/-11F Series

Configuration: 1

Artex C406-N Emergency Locator Transmitter (ELT) Installation

Mod. Order: 2-38238-801

AFMS: N/A

Master Kit List: 2-38238-800

ICA: 2-38238-903

Summary:

The Artex C406-N Emergency Locator Transmitter (ELT) installation entails replacing the existing Artex C406-1 ELT Transmitter (installed per B/E Aerospace STC ST02929AT) with the Artex C406-N ELT transmitter installed in the aft overhead cabin and installing an Artex Programming Adapter near the ELT Transmitter. The existing ELT antenna, sonalert (buzzer) and remote switch are retained as part of this installation.

Notes:

* "XXX" indicates the country code which has been programmed in the ELT. For ELTs programmed without a country code (use 24-bit ICAO address via DGL-1 Dongle), "XXX" = 999.

Material List

QTY	Part Number	Description	Source/MFGR
1	455-5062-XXX*	Kit, C406-N ELT Installation	Artex
1	MD11-ELT-900	Top Kit, Artex C406-N ELT	B/E Aerospace
