**Configuration:** 2

Artex C406-2 Emergency Locator Transmitter (ELT) Installation

**Mod. Order:** 2-46336-851

**AFMS:** N/A

**Master Kit List:** 2-46336-852

**ICA:** 2-46336-905

### Summary:

The Artex C406-2 Emergency Locator Transmitter (ELT) System consists of an ELT transmitter, DGL-1 dongle, and sonalert (buzzer) installed in an existing shelf in the aft equipment compartment, and an ELT antenna installed on the upper aft fuselage crown at STA 1187. An existing ELT remote switch in the flight deck is reused for the Artex C406-2 ELT system.

### Notes:

\* "XXX" indicates the country code which has been programmed in the ELT. For ELTs programmed without a country code (use 24-bit ICAO address via DGL-1 Dongle), "XXX" = 999.

\*\* Must be Revision Level C or later.

### Material List

QTY	Part Number	Description	Source/MFGR
1	455-5030-XXX*	Kit, C406-2 ELT Installation w/ Antenna	Artex
1	455-4010**	Kit, DGL-1 Dongle Installation	Artex
1	CRJ-ELT-901	Kit, Artex 406 ELT	B/E Aerospace
