

## 2020 REVERSA SMART FA-AV (RVEL) TYPE ONE

# SOFT PACK CONFIGURATION

### FAA TSO-C70a, ETSO-2C70a, CAA BCAR-B4-8 and DGAC QACI-144 approved

When you need a life raft that complies with the ETSO-2C505 regulations for hostile sea environment, the Collins Winslow 2020 ReversaSmart is the life raft for you. Without compromising on details, we created the Winslow 2020 ReversaSmart FA-AV (RVEL) Type One to meet your needs. We offer a wide variety of survival equipment packs to meet your operational requirements as well as custom dimensional packing to meet the unique life raft stowage compartments on your aircraft.

#### Standard equipment

- High pressure N<sub>2</sub> inflation system with twin oversized buoyancy tubes
- Four (4) position (closed, sail, stored and convertible) lightweight canopy
- Sure-seal closures with #10 YKK heavy duty zipping
- Dual main zipper with ventilation tie backs
- Tripod or single arch, SmartArch technology and right-up, canopy support system with stay-erect arch support valve system
- Oversized front boarding entry with 4 rung boarding ladder
- Six (6) bowed boarding assist handles
- Two (2) bowed boarding stirrups
- Combination foul weather observation porthole and water collection system with Sure-seal closures
- Single floor with thermal protective space blankets - one for every two (2) persons
- Water activated interior/exterior survivor locator lights
- Quick-grab Pelican Super MityLite flashlight on arch
- Auto-deploying hemispherical drogue (sea-anchor) with 25' line and dual anti-foul swivels
- 75' floating heaving trailing line with buoyant throwing handle
- 35' painter line with quick-release fittings
- Unidirectional retro/radar reflective segment across arch
- Unidirectional retro/radar reflective segments under life raft and on canopy
- Reversible ballast system
- 1" exterior lifelines and interior grasp lines
- Topping-up valves
- UltimaWrap vacuum seal (3 year protection)
