

Paolo Dal Cin

Operations & Supply Chain

Paolo Dal Cin oversees Raytheon Technologies' Operations & Supply Chain team, including Global Security Services, Environment, Health & Safety and a global, integrated manufacturing network.

He brings more than 25 years of engineering, supply chain and manufacturing experience to his current position. Most recently he served as head of Operations & Quality at Collins Aerospace and vice president of Operations & Supply Chain for UTC Aerospace Systems.

He previously held a variety of executive leadership positions with United Technologies Corporation, including vice president of Operations & Supply Chain for Hamilton Sundstrand, and the Aircraft Systems segment of UTC Aerospace Systems. He was also the vice president of Module Centers and Manufacturing for Pratt & Whitney. Prior to joining Hamilton Sundstrand, he spent 16 years at Pratt & Whitney Canada in Engineering and Operations roles.

Dal Cin holds a bachelor's degree in mechanical engineering from the University of Toronto.
