4. WARRANTY

- 4.1. Supplier warrants to Buyer that all Services provided under or in connection with an Order: (i) have been, if applicable, and will be performed in a professional and workmanlike manner and in accordance with current, sound, and highest generally accepted industry standards and practices by appropriately licensed, trained, and supervised personnel who are experienced in the appropriate fields; and (ii) do, if applicable, and will conform to and be in compliance with all applicable specifications, performance requirements and other requirements contained in the Order (the "Service Warranty"). Supplier shall perform any Changes ordered by Buyer. Any Order terms that incorporate flexibility for variations or modifications shall not be considered Changes within the meaning of this Section.
- 8.2. If any Changes cause an increase or decrease in the cost, time required for the performance, or otherwise affect any other provision of the Order, an equitable adjustment shall be made and the Order shall be modified in writing accordingly. Supplier's claims for adjustment under this Section shall be deemed waived unless asserted in writing (including the amount of the claim) and delivered to Buyer within 15 days from the date Supplier receives the Change order.

9. INSURANCE

- 9.1. Without limiting Supplier's duty to hold harmless and indemnify hereunder, Supplier agrees to secure, maintain and require its subcontractors to maintain, as a minimum the insurance noted in the Order or, if note is specified, the following minimum insurance coverages and limits:
 - 9.1.1. Workers' Compensation Insurance, inclusive of an alternate employer endorsement, in an amount sufficient by virtue of the laws of the U.S., foreign country, state, or other governmental subdivision in which the work or any portion of the work is performed and Employer's Liability Insurance in the minimum amount of \$1,000,000 for any one occurrence;
 - 9.1.2. Commercial General Liability Insurance and Umbrella Liability Insurance including Premises Liability and Contractual Liability, in which the limit of liability for property damage and bodily injuries, including accidental death, shall be at a minimum, a combined single limit of \$5,000,000 for any one occurrence;

- 9.2. In addition to the minimum insurance requirements set forth above, Supplier also agrees to secure, maintain and require its subcontractors to maintain, the additional insurance coverages and limits relevant to Supplier's performance of the Order, as specified in Attachment A hereto (the "Additional Insurance Coverage Requirements").
- 9.3. All such insurance shall be issued by companies authorized or permitted to do business under the laws of the State or jurisdiction in which all or part of the Services are to be performed, and must have an AM Best financial rating of A- or better or an equivalent rating as produced by another rating agency acceptable to Buyer.
- 9.4. The insurance coverages described in these Terms and Conditions and in an Order, shall be in a form satisfactory to Buyer, and shall contain a provision prohibiting cancellation or material change except upon at least 30 days' prior notice to Buyer. All such insurance policies or self-insurance will be primary in the event of a loss arising out of Supplier's performance of work and shall provide that where there is more than one insured the policy will operate, except for the limits of liability, as if there were a separate policy covering each insured and shall operate without right of contribution from any other insurance carried by Buyer. Certificates evidencing such insurance and endorsements naming RTX and Buyer as an additional insured under the Commercial General Liability and Umbrella Liability insurance or, in the case of All Risk Property Insurance, naming RTX and Buyer as a loss payee, shall be filed with Buyer upon execution of any Order and before commencement of any work hereunder, and within 30 days after any renewals or changes to such policies are issued. To the extent permitted by law, Supplier and its insurer(s) agree that subrogation rights against RTX and Buyer are hereby waived under the Commercial General Liability, Umbrella Liability, Auto Liability and Workers Compensation insurance; such waiver shall be reflected on the insurance policies. Supplier shall, if requested by Buyer, advise Buyer of the amount of available policy limits and the amounts of any self-insured retention. The certificate of insurance shall identify the contract number or work to be performed and shall acknowledge that such coverage applies to liabilities incurred by Supplier, its employees, invitees or agents under any Order and that such insurance shall not be invalidated by any act or neglect of Supplier whether or not such act or neglect is a breach or violation of any warranty, declaration or condition of the policies.
- 9.5. Buyer's failure to monitor compliance or unsatisfactory compliance with the terms of these insurance requirements does not modify or waive Supplier's obligations hereunder.
- 9.6. Any self-insurance, self-retained layer, deductibles, and exclusions in coverage in the insurance policies described above or in the applicable Additional Insurance Coverage Requirements, will be assumed by, for the account of, and at the sole risk of Supplier. In no event will the Supplier's liability be limited to the extent of the minimum limits of insurance required herein. Supplier shall require its subcontractors to maintain insurance in the amounts and types required by this Section.

10. TERMINATION FOR CONVENIENCE

- 10.1. Buyer may, at any time, terminate all or part of the Order or Agreement, for its convenience upon written notice to Supplier.

- 10.2. Upon termination, in accordance with Buyer's written direction, Supplier will immediately: (i) cease work and place no further subcontracts or orders for materials, services, or facilities, except as necessary to complete the continued portion of the Order; (ii) prepare and submit to Buyer an itemization of all completed and partially completed Services; (iii) if requested by Buyer, deliver to Buyer any and all Services completed up to the date of termination at the pre-termination Order price; and (iv) if requested by Buyer, deliver any work-in-process.
- 10.3. In the event Buyer terminates an Order or Agreement for its convenience after performance has commenced, Buyer will compensate Supplier only for the actual and reasonable work-in-process costs incurred by Supplier on Services required to be performed within the reasonable average time required to perform the Services. Supplier shall use reasonable efforts to mitigate its own and Buyer's liability under this Section. In order to receive compensation, Supplier must submit its termination claim, by means of a form and process directed by Buyer, within 90 days from the effective date of the termination.
- 10.4. Buyer shall not be liable to Supplier for costs or damages other than as described above, and in no event for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the price allocated to the portion of the Order terminated.

11. TERMINATION FOR DEFAULT

- 11.1. Buyer may, by written notice, terminate the Order or Agreement, or any portion thereof, for default without any liability or obligation whatsoever to Supplier for the portion terminated, in the following circumstances: (i) Supplier fails to perform any obligation hereunder, including a delivery obligation; (ii) when Buyer has reasonable grounds for insecurity, and Supplier fails to provide adequate assurances of performance within 10 days following Buyer's demand or, (iii) should Supplier (a) become insolvent, (b) become unable to pay its debts as they mature, (c) make a general assignment for the benefit of creditors, (d) have a receiver appointed for the whole or any substantial part of its assets, or (e) become in any way the subject of a bankruptcy petition (each in Subsection (iii), a "Supplier Insolvency").
- 11.2. Buyer shall have no liability in relation to those Services terminated for Supplier's default. Supplier shall be liable to Buyer for any and all expenses, costs, and damages including increased re-procurement costs and other non-recurring costs, except in the circumstance of any failure or delay constituting an "Excusable Delay" as set forth in the Section herein entitled "Force Majeure."
- 11.3. If the Order or Agreement is entirely or partially terminated under this Section other than pursuant to a Supplier Insolvency, Buyer, in addition to any other rights Buyer may have, may require Supplier, at no charge to Buyer, to: (i) deliver to Buyer all information, data, know-how, and other Intellectual Property, including proprietary information, utilized by Supplier in performing the Order; (ii) provide technical and transition assistance, including continuing to provide access to RTX Information stored by Supplier until delivered to Buyer or Buyer's designee; and (iii) provide to Buyer a worldwide, perpetual, non-exclusive, fully paid, irrevocable, license, with the right to grant sublicenses, to Supplier's information, data, know-how, and other Intellectual Property, including proprietary information, to the

extent necessary, to enable Buyer to use and license and/or perform, or have performed, the Services.

- 11.4. In addition to and not in lieu of any other Buyer rights, at Buyer's request, upon termination or expiration of the Order or Agreement, or any portion thereof, Supplier will provide technical and transition assistance services ("Transition Services") pursuant to these Terms and Conditions to ensure an orderly and timely transfer to Buyer or a third party at no increased rate charges to Buyer. As part of such Transition Services, Supplier will use commercially reasonable efforts to perform assistance as reasonably requested by Buyer to: (a) facilitate an orderly transition, including assisting with preparing and planning for transition, timely execution of the transition plans and post-transition support and assistance; (b) continue to provide the Services in accordance with any Order; and (c) perform such other transition assistance required to minimize disruption in Buyer's operations. Supplier shall continue to provide access to RTX Information (as defined herein) stored by Supplier until delivered to Buyer or Buyer's designee, and, in compliance with applicable laws, shall thereafter delete and/or destroy all copies thereof in accordance with these Terms and Conditions.
- 11.5. In addition to and not in lieu of other rights to Intellectual Property otherwise set forth in the Order and these Terms and Conditions, Supplier hereby grants to Buyer a worldwide, perpetual, non-exclusive, fully paid, irrevocable, license ("Additional License"), with the right to grant sublicenses, to Supplier's information, data, know-how, tooling, test equipment and other Intellectual Property, including without limitation proprietary and manufacturing information to enable Buyer to use and/or perform, or have performed, the Services, subject to Buyer's agreement not to exercise such rights under this Additional License except in the event of a Supplier Insolvency, whether or not the Order is terminated. As part of such Additional License, Supplier shall upon Buyer's written request and at no charge to Buyer, promptly (i) deliver to Buyer all information, data, know-how, and other Intellectual Property, including proprietary information, utilized by Supplier in performing the Order, and (ii) provide technical and transition assistance in order to ensure Buyer's continuing requirements for Services, including continuing to provide access to RTX Information stored by Supplier until delivered to Buyer or Buyer's designee.
- 11.6. If, after notice of termination under this Section, it is determined that Supplier was not in default, the rights and obligations of the Parties shall be the same as if the notice of termination had been issued pursuant to the Section herein entitled "Termination for Convenience". In such case, Supplier shall not be entitled to any remedy other than as provided for in the Section herein entitled "Termination for Convenience".

12. INTELLECTUAL PROPERTY RIGHTS (FOR NON-U.S. GOVERNMENT ORDERS)

- 12.1. "Background Intellectual Property" shall mean all Intellectual Property other than Foreground Intellectual Property.
- 12.2. "Foreground Intellectual Property" shall mean all Intellectual Property and tangible work product conceived, created, acquired, or first reduced to practice in connection with the Order.
- 12.3. Each Party retains its existing rights in Background Intellectual Property.

- 12.4. Buyer shall own all Foreground Intellectual Property. Supplier shall disclose to Buyer all Foreground Intellectual Property. If not expressly required to be delivered in the Order, Supplier shall deliver to Buyer all Foreground Intellectual Property upon written request from Buyer. Supplier hereby irrevocably assigns and promises to assign to Buyer all right, title and interest to all Foreground Intellectual Property. Supplier agrees to do all things reasonably necessary to enable Buyer to secure and perfect Buyer's Foreground Intellectual Property rights, including, without limitation, executing specific assignments of title in Foreground Intellectual Property by Supplier to Buyer and cooperating with Buyer at Buyer's expense to defend and enforce Buyer's rights in any such Foreground Intellectual Property. All Foreground Intellectual Property shall be considered Buyer's Proprietary Information (defined hereinafter). Supplier agrees that, for any works of authorship created by Supplier or any employees or any others used by Supplier in the course of the Order, those works that come under one of the categories of "Works Made for Hire" in 17 U.S.C. §101 shall be considered "Works Made for Hire." For any works of authorship that do not come under such categories, Supplier, warranting that it has the right to do so, hereby assigns and promises to assign all right, title, and interest to any copyright in such works to Buyer and will execute, or cause to be executed at Buyer's expense, any documents required to establish Buyer's ownership of such copyright.
- 12.5. Supplier represents and warrants that Supplier has sufficient rights in all Services, Intellectual Property, and other items that Supplier uses or transfers to Buyer in connection with the Order to allow Supplier to lawfully comply with the Order.
- 12.6. Supplier hereby grants and promises to grant to Buyer and Buyer's Affiliates a worldwide, non-exclusive, perpetual, fully-paid, irrevocable, transferable license to Background Intellectual Property (i) to use, sell, offer for sale, import, export, copy, adapt, embed, modify, make derivative works, perform and have performed Services, and (ii) to enable Buyer to practice the Foreground Intellectual Property.
- 12.7. Supplier hereby irrevocably waives and promises to waive all moral rights to the extent permissible by law, all rights of privacy and publicity, and the like, in all Services provided to Buyer and in all activities in connection with the Order.
- 12.8. Supplier represents and warrants that Supplier shall not provide, in the performance of the Order, any software, including without limitation source code, compiled code, embedded software, firmware, free software, open source software, freeware, general public license-governed software, or any electronic hardware, including without limitation free hardware designs, or open source hardware designs, in any form that is subject to any obligations or conditions that may provide a legal right to any third party to access such software, and/or electronic hardware, or that could otherwise impose any limitation or condition on Buyer's use, reproduction, modification, distribution or conveyance of such software or electronic hardware.
- 12.9. Except as expressly authorized herein, nothing in the Order shall be construed as Buyer granting Supplier a license in or any right to use any of Buyer's Intellectual Property other than in the performance of work under the Order.

13. INTELLECTUAL PROPERTY INDEMNIFICATION

- 13.1. Supplier shall indemnify and hold harmless Buyer, Buyer's Affiliates, and subsidiaries, their agents, directors, officers, and employees, and each subsequent purchaser or user, from any losses, costs, damages, and liabilities, including, without limitation, any attorney's fees, court costs and fines, arising from any potential or actual claim, suit, injunction, action, proceeding, or investigation alleging infringement or violation of any Intellectual Property rights or license, related to the use or other exploitation of any Services performed in connection with the Order ("IP Claim").
- 13.2. Supplier shall not be liable for any IP Claim based on Supplier's compliance with any Specification created by Buyer, unless: (i) Supplier could have complied with Buyer's Specification using a solution that was non-infringing; (ii) the relevant portion of the Specification was derived from, recommended by, or provided by, Supplier; or (iii) Supplier knew or should have known of a IP Claim or potential IP Claim and did not promptly notify Buyer in writing.
- 13.3. Supplier shall, upon written notice from Buyer of an IP Claim, promptly assume and diligently conduct the entire defense of an IP Claim at its own expense. Insofar as Buyer's interests are affected, Buyer shall have the right, at its own expense and without releasing any obligation of Supplier, to participate and intervene in an IP Claim. Buyer shall have the right to reasonably reject counsel selected by Supplier. Supplier shall not enter into any settlement without Buyer's prior written consent, which shall not be unreasonably withheld.
- 13.4. Buyer may supersede Supplier in the defense of any IP Claim, and assume and conduct the defense at Buyer's sole discretion. In such an event, Supplier shall be released from any obligation to pay for attorneys' fees and court costs, but not settlement or damages, and any such release is expressly conditioned on Supplier's complete cooperation with Buyer in Buyer's defense of such IP Claim at Buyer's expense. Buyer shall not enter into any settlement without Supplier's prior written consent, which shall not be unreasonably withheld.
- 13.5. If the use or other exploitation of any Services is enjoined by a court, if delivery is precluded by a government entity, or should Supplier refuse to provide any Services to avoid a potential third party IP Claim, Supplier shall avoid any disruption to Buyer and shall (i) secure for Buyer the right to use such Services; (ii) modify or replace such Services with equivalent non-infringing Services; or (iii) provide such other solution acceptable to Buyer. Supplier shall reimburse Buyer for Buyer's costs incurred in obtaining all internal and external approvals, qualifications, certifications, and the like, necessary for using alternate non-infringing Services. Supplier shall refund to Buyer the purchase price of any such Services that Buyer is prohibited from using or otherwise exploiting.

14. PROPRIETARY INFORMATION

- 14.1. In order to deliver the most effective and efficient Services possible and meet Buyer's requirements for those Services, Buyer and Supplier anticipate the need to exchange Proprietary Information (as defined below) for the design, development, testing, manufacture and/or repair of Services, as applicable in connection with an Order and/or

Agreement. In recognition of the value of that Proprietary Information, as well as to protect Buyer's goodwill and reputation in its products, Supplier agrees to the terms and conditions of this Section.

- 14.2. "Proprietary Information" shall mean all information, knowledge or data (including without limitation financial, business, and product strategy information; product specifications; product designs; procedures; studies; tests; and reports) in written, electronic, tangible, oral, visual or other form, (i) disclosed by, or obtained from, Buyer or (ii) conceived, created, acquired, or first reduced to practice in connection with an Order. If Buyer furnishes sample products, equipment, or other objects or material to Supplier, the items so received shall be used and the information obtained from said items shall be treated as if they were Proprietary Information disclosed in connection with an Order.
- 14.3. Unless Supplier has received Buyer's express written consent to the contrary, Supplier shall (i) use the Proprietary Information solely for the purposes of an Order, and not for any other purpose (including, without limitation, designing, manufacturing, selling, servicing or repairing equipment for entities other than Buyer; providing services to entities other than Buyer; or obtaining any government or third party approvals to do any of the foregoing); (ii) safeguard the Proprietary Information to prevent its disclosure to or use by third parties; (iii) not disclose the Proprietary Information to any third party; and (iv) not reverse engineer, disassemble, or decompile the Proprietary Information.
- 14.4. Supplier may disclose the Proprietary Information to officers, directors, employees, contract workers, consultants, agents, affiliates or subcontractors of Supplier who have a need to know such Proprietary Information for the purposes of performing the Order and who have executed a written agreement with Supplier obligating such entity or person to treat such information in a manner consistent with the terms of this Section.
- 14.5. No Order shall restrict Supplier from using or disclosing any information that, as proven by written contemporaneous records kept in the ordinary course of business: (i) is or may hereafter be in the public domain through no improper act or omission of Supplier or a third party; (ii) is received by Supplier without restriction as to disclosure by Supplier from a third party having a right to disclose it; (iii) was known to Supplier on a non-confidential basis prior to the disclosure by Buyer; or (iv) was independently developed by employees of Supplier who did not have access to any of Buyer's Proprietary Information.
- 14.6. If Proprietary Information is required to be disclosed pursuant to judicial process, Supplier shall promptly provide notice of such process to Buyer and, upon request, shall fully cooperate with Buyer in seeking a protective order or otherwise contesting such a disclosure. Disclosure of such requested Proprietary Information shall not be deemed a breach of an Order provided that the obligations of this Section are fulfilled by Supplier.
- 14.7. Buyer shall have the right to audit all pertinent documentation of Supplier, and to make reasonable inspection of Supplier's premises, in order to verify compliance with this Section.
- 14.8. Obligations in this Section regarding Proprietary Information shall continue until such time as all Proprietary Information is publicly known and generally available through no improper act or omission of Supplier or any third party.

- 14.9. Unless required otherwise by law or an Order, Supplier shall promptly return, or otherwise dispose of Proprietary Information as Buyer may direct. Absent contrary instructions, Supplier shall destroy all Proprietary Information one (1) year after termination or completion of the Order and provide written acknowledgement to Buyer of such destruction.
- 14.10. Notwithstanding any proprietary or confidential labels or markings, all information of Supplier disclosed to Buyer relating to an Order will be deemed non-confidential and the content of the Order may be disclosed by Buyer to any of Buyer's Affiliates, and/or to Buyer's subcontractors and potential subcontractors provided that Buyer's subcontractors have a need to access or know such information.
- 14.11. For Proprietary Information exchanged in connection with the Order, the terms of this Section shall supersede any provisions regarding the protection of proprietary information in any other agreements between the Parties.

15. SECURITY FOR RTX INFORMATION

The following provisions are applicable whenever the Supplier will Process RTX Information.

- 15.1. In addition to capitalized terms used herein but defined elsewhere in these Terms and Conditions, an Agreement, and/or Order, the following term shall have the following meaning:
- 15.2. "Security Incident" means (i) any circumstance that involves, or which a Party reasonably believes may involve the actual or potential, (A) accidental or unauthorized access, use, disclosure, modification, storage, destruction or loss of RTX Information in Supplier's or Supplier Personnel's possession, custody or control; or (B) interference with system operation in an information system or in any medium or format, including paper (hard) copy documents, that subjects RTX Information to risk of unauthorized access, use, disclosure, modification, storage, destruction or loss; (ii) any other similar incident as may be so defined by any Data Privacy Law and by any laws and regulations (national, federal, state and provincial) relating to the protection of RTX Information; or (iii) any breach of Supplier's representations or covenants in these Terms and Conditions, an Agreement, and/or Order regarding safeguarding of RTX Information.
- 15.3. Supplier agrees to (i) develop, implement, maintain, monitor and update a reasonable, written security program incorporating administrative, technical, organizational and physical safeguards, security measures and security awareness, and (ii) install and implement security hardware and software, in each case, designed to (A) protect the security, availability and integrity of Supplier's network, systems and operations, the Services, and the RTX Information from unauthorized access and use; (B) guard against Security Incidents; and (C) demonstrate compliance to a generally accepted cybersecurity framework such as ISO/IEC 27001 or NIST 800-53 to establish a resilient control environment or equivalent level of security protection appropriate for the information involved and the then-current state of security solutions. As between the Parties, all RTX Information will at all times remain the sole property of Buyer, and Supplier will not have or obtain any rights therein.

15.4. Supplier further agrees to:

- 15.4.1. Only Process or transfer RTX Information to authorized third parties in performance of its obligations under an Agreement and/or Order, or to comply with legal obligations. Supplier will not make any secondary or other use (e.g., for the purpose of data mining) of RTX Information except (i) as expressly authorized in writing by Buyer in connection with Buyer's purchase of Services hereunder; or (ii) as required by law.
- 15.4.2. Maintain and implement information security policies which address, at a minimum the domains or categories set forth in a generally accepted cybersecurity framework, such as ISO/IEC 27001 or NIST 800-53, and provide Buyer, upon request, with a SOC 2 (or equivalent) report demonstrating that such domains are addressed in a manner consistent with this Section. Upon Buyer's request, Supplier shall provide Buyer with an updated index or summary of its policies, and indicate any plans, including a timetable for implementation, of planned upgrades to comply with the policies.
- 15.4.3. Use (i) reasonable efforts, including, but not limited to, the available technology at the time, to implement measures to restrict anyone other than its authorized employees and Buyer and its agents from accessing the RTX Information and (ii) best efforts to segregate (physically or logically) all RTX Information into a separate database only accessible by Buyer, and its agents and those employees and agents of Supplier that require access to perform the Services or to maintain the equipment and the program on which it runs, unless otherwise agreed by Buyer. Unless otherwise specified by Buyer in writing or in an Order, Supplier will Process RTX Information (including for back-up purposes) only on servers located in the United States or other countries specified in the Order by Buyer, and will not transfer (and will not authorize Supplier Personnel to transfer) RTX Information to, or permit or enable Processing of RTX Information in, any country other than the United States or those specified in the Order by Buyer.
- 15.4.4. Implement reasonable measures to ensure backups of information are conducted, maintained and tested in accordance with a generally accepted cybersecurity framework, such as CIS CSC 10; ISO/IEC 27001:2013 (A.12.3.1, A.17.1.2, A.17.1.3, and A.18.1.3); or NIST SP 800-53 Rev 4. (CP-4, CP-6 and CP-9). Supplier's disaster recovery plan (as may be otherwise required herein) shall incorporate such requirements. All such back-up services are part of the Services and are subject to these Terms and Conditions, including the privacy compliance and data security requirements.
- 15.4.5. Use, and will cause Supplier Personnel to use, adequate forms of encryption or other secure technologies at all times in connection with the Processing of RTX Information, provided such Processing is permitted under the Agreement and/or Order. Notwithstanding any provision to the contrary herein, unencrypted Buyer Personal Information shall not be stored on any Supplier mobile computing devices (e.g. laptop computers, mobile phones, personal digital assistants) Supplier will align to a generally accepted cybersecurity framework, such as CIS CSC (13 and 14); ISO/IEC 27001:2013 (A.8.2.3, A.13.1.1, A.13.2.1, A.13.2.3, A.14.1.2, and

A.14.3); or NIST SP 800-53 Rev. 4 (SC-8, SC-11 and SC-12), covering Data-at-rest and Data-in-transit protections.

- 15.4.6. Provide Buyer, prior to any termination or expiration of the Agreement and/or Order, with a termination plan that addresses how RTX Information will be accessed by Buyer until returned to Buyer or destroyed, as Buyer may direct, at the end of the Agreement and/or Order, including backup and archival information, and how all RTX Information will be permanently removed from Supplier's equipment and facilities; provided however, that Supplier may retain information stored in routine backups maintained in the ordinary course until such backups are overwritten. This plan should include supplying the data to Buyer in an industry recognized format.
- 15.4.7. Provide information to and reasonably cooperate with Buyer in response to any subpoena or investigation seeking RTX Information in the possession of Supplier. Supplier shall promptly notify Buyer upon the receipt of any request requiring that RTX Information be supplied to a third party.
- 15.4.8. Not provide RTX Information to any third party without the prior written approval of Buyer. A request for Buyer approval shall include agreement by Supplier and such third party that (i) all of the requirements of this provision are applicable to their performance, and (ii) Buyer shall have the right to perform the audits described above.
- 15.4.9. Maintain data protection processes and systems sufficient to adequately protect specifications, information, data, drawings, software, and other items which are (i) supplied to Supplier by Buyer, or (ii) obtained or developed by Supplier in the performance of the Order or paid for by Buyer (collectively, "Buyer Data"), and to comply with any law or regulation applicable to such data. If a Security Incident occurs, Supplier shall (i) use commercially reasonable efforts to investigate, contain, and remediate the Security Incident, and (ii) notify Buyer in writing promptly, but not later than forty-eight (48) hours after discovering the Security Incident. The obligations contained in this Section are in addition to, and do not alter, Supplier's obligations under applicable U.S. Government Procurement Regulations, and Supplier shall encrypt emails to Buyer containing details of a Security Incident using industry standard encryption methods.
- 15.5. Promptly following any Security Incident, whether identified by Supplier or Buyer, Supplier will take steps to mitigate risks posed, consult in good faith with Buyer regarding remediation efforts, and undertake a remediation plan which Buyer and Supplier reasonably agree to be necessary, reasonable or appropriate under the circumstances commensurate with the nature of the Security Incident or failure, or as requested by any government body. To the extent a Security Incident is caused by the acts, omissions, or breach of Supplier, Supplier will be responsible for all costs, expenses, and damages including, without limitation, the reasonable costs of re-testing performed to verify that any Security Incident has been remediated.

16. SUPPLIER PERSONNEL

- 16.1. Supplier shall establish key Supplier Personnel for each project in the applicable Order. Supplier shall use commercially reasonable efforts to retain Supplier Personnel who are reasonably considered by Buyer to be critical to the performance of the Services under an Order. Upon termination or resignation of any key Supplier Personnel, Supplier shall provide notice to Buyer of such termination or resignation and promptly identify a suitable replacement with no disruption to performance hereunder.
- 16.2. Supplier will be responsible and liable for the acts and omissions of Supplier Personnel in connection with the provision of the Services as if such acts or omissions were Supplier's acts or omissions. Supplier will ensure that all Supplier Personnel are (trained regarding, advised of and comply with the provisions of any Order.
- 16.3. Supplier is responsible for any and all discipline of its Supplier Personnel. Buyer may require Supplier to replace any Supplier Personnel who are not in compliance or performing to Buyer's reasonable satisfaction, at any time.

17. ACCESS TO FACILITIES, SYSTEMS OR RTX INFORMATION

These provisions apply whenever Supplier Personnel will be granted access to Buyer's (i) facilities, (ii) computer systems, databases, and/or RTX Information ("Access").

- 17.1. Supplier shall perform identity screenings, work authorization verifications and background checks on any and all Supplier Personnel seeking Access in order to identify persons or entities ineligible for such Access. In furtherance of this obligation, Supplier shall, in advance of any request or grant of such Access:
 - 17.1.1. Verify the identity and requisite work authorization of Supplier Personnel requiring Access. Buyer or its Affiliates may further direct Supplier to use a designated service provider to verify authorization to work, U.S. person and/or citizenship status, at Supplier's sole cost and expense.
 - 17.1.2. Except to the extent not permissible by applicable law, perform a background screen on Supplier Personnel using a company approved by Buyer evidencing that (i) Supplier Personnel do not have any criminal convictions, as reported in the result of a background screen, or (ii) if they do have criminal convictions, Supplier Personnel were hired only after an individualized assessment was conducted in accordance with all applicable laws and taking into consideration the nature and severity of the underlying offenses, the nature and scope of the Access to be granted, the specific jobs at issue, and the length of time since the convictions.
 - 17.1.3. Supplier shall not seek Access for any Supplier Personnel ineligible for such Access based on the failure to meet the above criteria, and will notify Buyer immediately, in writing, if any of Supplier's Personnel with Access is no longer eligible.
- 17.2. Supplier agrees that Buyer shall have sole discretion as to whether Supplier is granted Access, and agrees that any Access privileges granted to Supplier will be defined by

Buyer. Buyer reserves the right to impose additional requirements before granting Supplier Personnel Access, including, without limitation, with respect to export compliance, privacy, protection of RTX Information, security clearance, applicable training, drug screening, credit check, technology control plans, intellectual property agreements and compliance with other site-specific policies and procedures. Buyer reserves the right, in its sole discretion, to escort Supplier Personnel off Buyer's premises during an event of misconduct and/or to bar Supplier Personnel from a facility.

- 17.3. Supplier is responsible for ensuring that any Supplier Personnel requiring Access meet such Access requirements and that Access privileges are limited to approved Supplier Personnel. Supplier shall immediately notify Buyer if, at any time during the performance of the Order, (i) any information related to Supplier Personnel is altered or rendered inaccurate for any reason, or (ii) the need for Access ceases for any of such Supplier Personnel having Access. The need to Access shall automatically cease for any Supplier employees who are terminated, transferred, or otherwise no longer employed by Supplier.
- 17.4. Supplier or Supplier Personnel's refusal or failure to meet Buyer's Access requirements at any time during the performance of the Order may result in Buyer's refusal to grant Supplier Personnel Access, and Supplier agrees that Buyer shall have the right to deny, and, without notice, terminate Access by Supplier or any of Supplier Personnel in whole or in part. Inability of Supplier to comply with the requirements of this provision shall not excuse Supplier from performing the Order and shall not constitute an "Excusable Delay" as set forth in the Section herein entitled "Force Majeure".
- 17.5. If Supplier is an individual, Supplier acknowledges that he/she is not an employee of Buyer or Buyer Affiliate and is not entitled to the rights and benefits of a Buyer or Buyer Affiliate employee including, but not limited to, participation in pension, savings, health care and other employee benefit plans and arrangements. If Supplier is a company or other entity, it acknowledges that Supplier Personnel are not Buyer or Buyer Affiliate employees and are not entitled to the rights and benefits of a Buyer or Buyer Affiliate employee including, but not limited to, participation in pension, savings, health care and other employee benefit plans and arrangements.
- 17.6. Supplier acknowledges and agrees that any breach of this Section may result in a violation of law for which Buyer, Supplier, and/or Supplier Personnel may be liable. At Buyer's request, in advance of any request or grant of Access and at any other time, Supplier will provide Buyer (i) written certification, in a form provided by Buyer, that the Access requirements have been met, and/or (ii) documentation to verify the methodology, process and results relied upon by Supplier to comply with the Access requirements. The current certification form is available at the RTX Supplier Site.

18. DATA PRIVACY

18.1. Supplier shall:

- 18.1.1. comply with all applicable Data Privacy Laws and promptly notify Buyer in writing if Supplier believes that collecting or Processing Buyer Personal Information pursuant to this Section (including subparts) infringes Data Privacy Laws;

- 18.1.2. only collect, access, use, or share Buyer Personal Information, or transfer Buyer Personal Information to authorized third parties, in performance of its obligations under the Agreement and/or Order(s) issued thereunder, in conformance with Buyer's instructions, or to comply with legal obligations. Supplier will not make any secondary or other use (e.g., for the purpose of data mining) of Buyer Personal Information except (i) as expressly authorized in writing by Buyer, or (ii) as required by law;
- 18.1.3. not allow any third party to Process Buyer Personal Information except to provide services under the Agreement and/or Order or as required by law. If Supplier does allow a third party to Process Buyer Personal Information, Supplier shall:
 - 18.1.3.1. be responsible for the acts and omissions of any subcontractor or other such third party, that processes (within the meaning of the applicable Data Privacy Laws) Buyer Personal Information on Supplier's behalf in the same manner and to the same extent as it is responsible for its own acts and omissions with respect to such Buyer Personal Information;
 - 18.1.3.2. ensure such third party is bound by a written agreement that contains the same or equivalent obligations and protections as those set forth in this Section; and
 - 18.1.3.3. only share, transfer, disclose, or provide access to a third party to the extent that such conduct is compliant with applicable Data Privacy Laws;
- 18.1.4. take commercially reasonable steps to ensure: (i) the reliability of Supplier Personnel who have access to the Buyer Personal Information; (ii) that access to Buyer Personal Information by Supplier Personnel is on a need-to-know basis; (iii) and that Supplier Personnel are obligated to maintain the confidentiality of Buyer Personal Information, such as through a confidentiality agreement or by application of relevant law or regulation;
- 18.1.5. provide such information, assistance, and cooperation as Buyer may reasonably require from time to time to establish Supplier's compliance with Data Privacy Laws;
- 18.1.6. upon Buyer's request, permit Buyer to hire third party external auditors to verify Supplier and third party compliance with their obligations under the Agreement and/or Order. Additionally, upon request, Supplier shall provide Buyer with any audit reports issued under ISO 27001, ISO 29100, SSAE 16 (or SAS 70), SSAE 18, SOC 2, OR ISAE 3402 that covers Buyer Personal Information;
- 18.1.7. will maintain reasonable and appropriate technical, physical, and administrative safeguards intended to protect Buyer Personal Information. These measures will include reasonable restrictions upon physical access to any locations containing Buyer Personal Information, such as the storage of such records in locked facilities, storage areas, or containers. Supplier must periodically re-evaluate the measures adopted to ensure that they remain reasonable and appropriate;

- 18.1.8. provide Buyer with commercially reasonable assistance in: (i) deleting Buyer Personal Information in response to a request by an individual or legal representative; (ii) where relevant, enabling individuals to opt-out; and (iii) when Supplier is providing an electronic tool or software, distributing a privacy notice;
- 18.1.9. provide a privacy notice to individuals with whom the Supplier has direct contact unless Supplier and Buyer agree in writing that the privacy notice obligation is solely Buyer's responsibility;
- 18.1.10. pursuant to Buyer's written instructions, provide Buyer with the ability to purge Buyer Personal Information older than one year or such other time period agreed in writing upon in writing by the Parties, unless otherwise required to retain the data by applicable law; and
- 18.1.11. immediately advise Buyer in writing if it receives or learns of any: (i) complaint or allegation indicating a violation of Data Privacy Laws regarding Buyer Personal Information; (ii) request from one or more individuals seeking to access, correct, or delete Buyer Personal Information; (iii) inquiry or complaint from one or more individuals relating to the collection, Processing, use, or transfer of Buyer Personal Information; and (iv) regulatory request for, subpoena, search warrant, or other legal, regulatory, administrative, or governmental process seeking Buyer Personal Information (collectively, "Data Privacy Matters"). If Supplier learns of any Data Privacy Matters, Supplier shall provide assistance to Buyer, fully cooperate with Buyer in investigating the matter, including but not limited to, providing the relevant information to Buyer, preparing a response, implementing a remedy, and/or cooperating in the conduct of and defending against any claim, court or regulatory proceedings. Buyer shall be responsible for communicating with individuals regarding their Buyer Personal Information in connection with such Data Privacy Matters unless Buyer authorizes Supplier to do so on its behalf. Supplier shall use commercially and legally reasonable efforts to limit the nature and scope of the required disclosure to the minimum amount of Buyer Personal Information required to comply with applicable law. Unless prevented by applicable law, Supplier shall provide Buyer with advance written notice of any such Data Privacy Matters sufficient to allow Buyer to contest legal, regulatory, administrative, or other governmental processes.
- 18.2. Supplier shall provide written notice to Buyer as soon as possible and, whenever possible, in forty-eight (48) hours, of any actual or reasonably suspected incident of accidental or unlawful destruction or accidental loss, alteration, unauthorized or accidental disclosure of or access to Buyer Personal Information of which it becomes aware (a "Security Breach"). If Supplier is unable to provide notice within 48 hours, Supplier shall provide Buyer with an explanation for the delay that Buyer will be entitled to share with regulators. Supplier shall take all reasonable measures to contain and remedy the Security Breach, wherever possible; provide Buyer with information regarding the investigation and remediation of the Security Breach, unless restricted by law; not make any notification, announcement or publish or otherwise authorize any broadcast of any notice or information about a Security Breach (a "Security Breach Notice") without the prior written consent of and prior written approval by Buyer of the content, media and timing of the Security Breach Notice (if any), unless required to do so by law or court order; and even where required to do so by law or court order, make all reasonable efforts to coordinate

with Buyer prior to providing any Security Breach Notice. Where the Security Breach (i) involves data on the Supplier's networks or systems or (ii) is the fault of the Supplier, then Supplier will, at the request of Buyer, pay for the costs of remediation, notification (including, where reasonably necessary, a call center), and, if the Security Breach involves data elements that could lead to identity theft, provide the affected individuals with credit monitoring or other commercially-reasonable identity theft mitigation service for one year or such longer period as required by law or a government regulator.

- 18.3. In the event Supplier shall provide to Buyer personal information protected by Data Privacy Laws, Supplier shall ensure that such personal information is provided consistent with applicable law, including, where required, obtaining consent or providing notice.
- 18.4. All Buyer Personal Information acquired by Supplier shall be returned or destroyed (at Buyer's option), unless and to the extent that: (i) such Buyer Personal Information is required by Supplier to discharge its obligations hereunder or under applicable law; or (ii) return or destruction is prohibited by applicable law. Absent contrary instructions and except as prohibited by law, Supplier shall immediately destroy all Buyer Personal Information after termination or completion of the Order after waiting 30 days to allow Buyer to request return of Buyer Personal Information.
- 18.5. If the Agreement and/or Order involves collection or Processing of Buyer Personal Information from individuals in California, then the Parties agree that Supplier is a "Service Provider", as such term is defined in the California Consumer Privacy Act, Cal. Civ. Code §§ 1798.100 et. seq. and implementing regulations (the "CCPA"), and will neither sell, nor exchange for anything of value, Buyer Personal Information.
- 18.6. If the Agreement and/or Order involves the provision of Services where the Supplier will (i) act as a Controller (as that term is defined in the EU Directive) and (ii) transfer Buyer Personal Information from any country in the European Economic Area or Switzerland (collectively, "EEA/CH") to outside the EEA/CH, then the Buyer and Supplier agree that the terms of the Model Contract Clauses (also called the Standard Contractual Clauses) adopted by the European Commission in Decision 2004/915/EC (hereinafter the "Controller Model Clauses" or the "Model Clauses") are incorporated by reference as if set forth herein. If the Agreement and/or Order involves the cross-border transfer of Buyer Personal Information from any country in the EEA/CH to outside the EEA/CH but the Supplier will not act as a Controller, then the Buyer and Supplier agree that the terms of the Model Contract Clauses (also called the Standard Contractual Clauses) adopted by the European Commission in Decision 2010/87/EU (hereinafter the "Processor Model Clauses" or the "Model Clauses") are incorporated by reference as if set forth herein. Notwithstanding the foregoing, Buyer and Supplier agree that:
 - 18.6.1. The Model Clauses may be reformatted as a stand-alone document with the signatures to the Agreement and/or Order or the Parties will execute the Model Clauses as a separate stand-alone document. The stand-alone Model Clauses may be filed with regulators and/or used for any other legally permissible purpose and have the effect as if signed directly.
 - 18.6.2. If either Party seeks to register the Model Clauses with a regulator, and the regulator rejects the registration, the Parties shall work together to modify the exhibits to the Model Clauses to address the regulator's requirements.

18.6.3. If any of the terms of the Model Clauses conflict with any terms of the Agreement and/or Order, the Model Clauses shall prevail.

18.6.4. If Supplier engages any subcontractors that will access Buyer Personal Information covered by the Model Clauses, the Supplier shall ensure that transfers to the subcontractor comply with the Model Clauses.

19. COMPLIANCE WITH LAWS

- 19.1. Supplier warrants that it shall comply with all applicable national, federal, state, provincial, and local laws, ordinances, rules, and regulations applicable to the performance of the Order, except to the extent inconsistent with U.S. anti-boycott laws, including (i) the provision of Services, and (ii) the configuration or content of Services for the use intended by Buyer (collectively, "Laws"). Supplier agrees to cooperate with and support Buyer's efforts to comply with all Laws, and utilize the tools and systems provided by Buyer to ensure such compliance.
- 19.2. Supplier shall, at the earliest practicable time, notify Buyer in writing if Supplier is subject to any federal, state, or foreign government criminal proceeding alleging fraud or corrupt practices, once initiated by the filing of a formal charging document in a court of law; and further notify Buyer of any subsequent felony convictions or deferred prosecution agreement(s) related to the foregoing.
- 19.3. Supplier agrees to comply with Buyer's environmental, health and safety standards, requirements and restrictions during Supplier's performance hereunder and when at Buyer's jobsites, including, without limitation, adhering to Buyer's safety instructions, notifying Buyer prior to the commencement of work and providing Buyer with any test reports or results related to Services, as applicable.
- 19.4. Supplier shall provide to Buyer, upon Buyer's reasonable request, the identity of its subcontractors and/or the location of the provision of Services, as applicable, to confirm compliance with legal and regulatory requirements, the Agreement, and/or an Order.

20. PROHIBITED TELECOMMUNICATIONS EQUIPMENT & SERVICES

- 20.1. Supplier recognizes that RTX, Buyer, and their respective Affiliates are subject to Section 889 of the National Defense Authorization Act for Fiscal Year 2019 ("Section 889"), which prohibits prime contractors to the U.S. government from using (regardless of end use) "covered telecommunications equipment or services", as such term is defined in Section 889 ("Prohibited Telecom").
- 20.2. Supplier represents that it shall not furnish to Buyer any Services that use or contain Prohibited Telecom.
- 20.3. Supplier commits to (i) have in place a supply chain policy and processes to determine whether it furnishes, or has furnished, to Buyer Services that use or contain Prohibited Telecom; (ii) notify Buyer, within one business day of Supplier's identification, of the use or existence of Prohibited Telecom in the Services it furnishes, or has furnished, to Buyer (a "Prohibited Telecom Use Notice"), which shall include a detailed description of such

Services; and (iii) within ten (10) business days of Supplier's submission of a Prohibited Telecom Use Notice, provide Buyer with such further available information as Buyer may request about such Supplier's use of Prohibited Telecom in the Services it furnishes, or has furnished, to Buyer, and the efforts Supplier has taken, and will take, to prevent the use of Prohibited Telecom in the Services it furnishes to Buyer.

20.4. Supplier shall require its subcontractors to satisfy the requirements of this Section.

21. COMPLIANCE COVENANTS

21.1. Supplier has not offered or given and shall not offer or give anything of value (in the form of entertainment, gifts, gratuities or otherwise) to Buyer's employees or representatives for the purpose of obtaining any Order or favorable treatment under any Order. Any breach of this warranty shall be a material breach of each and every contract between Buyer and Supplier.

21.2. Supplier represents and warrants that it has not made, nor will it make, or offer to make any political contributions, or pay, or offer to pay any fees or commissions in connection with any Order.

22. SUPPLIER CODE OF CONDUCT

22.1. Supplier shall adopt and comply with a code of conduct or policy statement regarding business conduct, ethics and compliance that satisfies, at a minimum, the principles and expectations set forth in the Raytheon Technologies Corporation Supplier Code of Conduct available at the RTX Supplier Site ("Supplier Code of Conduct"). Supplier acknowledges and agrees that failure to satisfy the requirements of this Section shall constitute a material breach of Order.

22.2. Supplier shall have management systems, tools and processes in place that (i) ensure compliance with applicable laws and regulations and the requirements set forth in the Supplier Code of Conduct; (ii) promote an awareness of and commitment to ethical business practices, including, without limitation, the expectations set forth in the Supplier Code of Conduct; (iii) facilitate the timely discovery, investigation (including cooperation with any Buyer initiated investigation involving Supplier), disclosure (to Buyer and others as appropriate) and implementation of corrective actions for violations of law, regulations, the Agreement, an Order, or the expectations set forth in the Supplier Code of Conduct; and (iv) provide training to its employees on compliance requirements, including the expectations set forth in the Supplier Code of Conduct.

23. INTERNATIONAL TRADE COMPLIANCE

23.1. Compliance with International Trade Compliance ("ITC") Laws. Supplier hereby certifies that, in connection with the performance of the Agreement and/or Order, it will comply with all applicable ITC Laws. Supplier agrees that no hardware, software, Technical Data, and/or services (collectively referred to as "items") controlled under U.S. export and import laws and regulations and provided by Buyer in connection with the Order shall be provided to any person or entity, including non-U.S. person employees, subsidiaries, or affiliates,

unless the transfer is expressly permitted by a U.S. Government license or other authorization, or is otherwise in accordance with applicable laws and regulations.

- 23.2. Denied Party Screening. Supplier shall not engage any Supplier Personnel who is ineligible to perform hereunder because of any embargo, sanction, debarment, or designation as a Specially Designated National (“SDN”) or a denied party, as maintained by the U.S. government or any applicable non-U.S. government or union of states (e.g. European Union). In furtherance of the foregoing, Supplier shall perform denied party screenings on Supplier Personnel and promptly notify Buyer in writing if any such Supplier Personnel has been identified as ineligible because of the reasons listed above.
- 23.3. Export Licensing. If any Order requires either Party to obtain government-approved export authorization to facilitate activities and obligations set forth under such Order, the Parties shall mutually exercise reasonable efforts to support the preparation and management of the authorization in full compliance with applicable ITC Laws. The Parties shall respond to requests for supporting documentation, including clarifying questionnaires and any other requested information necessary to secure government authorization. Each Party, as applicable, shall be individually responsible for obtaining required documentation or other information from any third party required by such Party to perform its obligations under an Order. Upon request, the Parties shall exchange copies of all government export authorizations related to the Technical Data, or Services, and all provisions, conditions, limitations, or information relating to the authorization. Each Party, as applicable, shall be individually responsible for compliance with all government export authorizations, including without limitation ensuring that all export-related paperwork and documentation are properly completed and timely filed.
- 23.4. Export and Import Classification; Registration. Where known, or where Supplier is the design authority for the Technical Data, or Services that are subject to the Agreement and/or Order, Supplier shall provide Buyer with (i) the applicable Harmonized Tariff Schedule Number, (ii) either (a) the United States Munitions List (“USML”) category of such Technical Data, or Services that are controlled by the ITAR, or (b) the Export Control Classification Number (“ECCN”) of such Technical Data, or Services that are controlled by the EAR, including the ECCN of components comprising the Technical Data and/or Services if such classification differs from the ECCN of the Technical Data and/or Services, and (iii) any analogous classification under any other applicable law. Supplier shall timely notify Buyer in writing of any changes to the export or import classification on the Technical Data or Services subject to the Order. Upon request, Supplier shall provide Buyer annually with its DDTC registration expiration date.
- 23.5. ITC Law Compliance – Subcontracting. Supplier shall not engage in any subcontracts relating to the Agreement and/or Order, except in accordance with the terms and conditions of the Sections herein entitled “Assignment” and “Subcontracting” and in compliance with U.S. export and import control laws and regulations, and any authorizations granted thereunder. If Buyer authorizes Supplier to engage in subcontracting for procurements related to the Order, Supplier shall incorporate into its subcontracts the provisions of this Section requiring compliance with U.S. and other applicable export and import control laws and regulations.

Supplier shall develop and implement IT security procedures which ensure that Technical Data is accessible only by authorized persons. Any subcontracts for the provision of Technical Data, or the provision of Services shall contain all the limitations of this Section and shall require compliance with all applicable export licenses or authorizations.
- 23.9. Destruction of Technical Data. Upon completion of performance under an Order, and expiration of recordkeeping obligations under this Agreement and/or Order, Supplier and subcontractors shall destroy or return to Buyer all Technical Data as instructed by Buyer. With respect to Technical Data, destruction applies to both physical copies and electronic copies, which must be permanently deleted from all IT systems, and include archived copies. Destruction of Technical Data must preclude its use in full or partial form (e.g., shredding, burning, etc.).
- 23.10. Required Notices. Supplier shall promptly notify Buyer if it becomes aware of any failure by Supplier or its subcontractors to comply with this Section and shall cooperate fully with Buyer in any investigation of such failure to comply. Supplier shall also promptly notify Buyer of any name change, address change or change in ownership or control of Supplier. If the change in ownership or control of Supplier involves a country designated under ITAR Section 126.1 or EAR Part 740, Supp. No. 1, Country Group D:5, E:1, E:2, Supplier shall notify Buyer at least 60 days prior to the change.
- 23.11. Technology Control Plan. When the terms of the Agreement and/or Order require access to or possession of Technical Data controlled under the ITAR or at an Anti-Terrorism level or higher under the EAR, or the equivalent level of controls under applicable and governing non-U.S. export regulations, Supplier shall create and follow a Technology Control Plan ("TCP") that, at a minimum, incorporates the following elements: (i) facility security; (ii) international trade compliance training program; (iii) information technology security; (iv) record keeping requirements; (v) denied party screening as defined in this Section; and (vi) personnel oversight (including oversight of Supplier Personnel who are non-U.S. persons and/or dual /third country nationals, and visitor management). Supplier shall make a signed copy of the TCP available to Buyer within 30 days of request.

24. DISASTER RECOVERY

- 24.1. Supplier shall develop and maintain a disaster recovery plan (a “Disaster Recovery Plan”) acceptable to Buyer for the recovery and continuation of business related to the supply, design, development, certification, use and/or support of the Services furnished hereunder, in the event of a disaster, emergency or other incident which results in the inability of Supplier to provide Services or that will result in significant damage or loss to Buyer in relation to the Services or RTX Information. The Disaster Recovery Plan shall, among other things, prevent or limit the interruption of the provision of Services in conformity with the requirements set forth herein. Supplier shall furnish a copy of Disaster Recovery Plan to Buyer upon request. Supplier will provide such disaster recovery services, as specified in the Disaster Recovery Plan, in the event of such a disaster or emergency regardless of whether such disaster or emergency qualifies as an Excusable Delay under the Section herein entitled “Force Majeure”.
- 24.2. At a minimum, Supplier shall back up all RTX Information to a secure, fire-resistant storage facility on a daily basis (“Backup”), which Backup shall be maintained by Supplier for at least the duration of the term of the Agreement and/or Order, unless otherwise specified in an Order.

25. ASSIGNMENT AND CHANGE IN CONTROL

- 25.1. Neither the Agreement, nor Order, nor any interest therein shall be assignable by or otherwise transferred by either Party in whole or in part to a third party, by way of contract, operation of law, change in control of such Party or otherwise unless such assignment or transfer is mutually agreed to in writing by the Parties hereto; provided, however, that Buyer may assign the Agreement and/or Order to any Buyer Affiliate and to any corporation with which Buyer may merge or consolidate or to which Buyer may assign substantially all of its assets or that portion of its business to which the Agreement and/or Order pertains or to any third party provider of “integrated services” that will purchase the Services for Buyer’s benefit without obtaining the agreement of Supplier.
- 25.2. Notwithstanding the foregoing, claims for money due or to become due to Supplier from Buyer arising out of the Agreement and/or Order may not be assigned, unless such assignment is made to one assignee only and covers all amounts payable under the Agreement and/or Order and not already paid. Buyer shall be under no obligation to pay such assignee unless and until Buyer has received written notice of the assignment from Supplier, a certified copy of the instrument of assignment, and suitable documentary evidence of Supplier’s authority to so assign. However, any payments made to a third party subsequent to Buyer’s receipt of notice that any claims for money due or to become due hereunder have been assigned or should be paid thereto shall fulfill Buyer’s requirements to make any such payments hereunder.

26. SUBCONTRACTING

- 26.1. Any subcontracting by Supplier of all or substantially all of its responsibilities or obligations hereunder requires Buyer's prior written consent.
- 26.2. Any such subcontracting by Supplier of its responsibilities or obligations hereunder, without Buyer's prior written consent, shall be wholly void, invalid and totally ineffective for all purposes. In the case of any subcontracting or approved delegation of any of its responsibilities or obligations hereunder, Supplier shall perform all supply management activities that are necessary for the on-time delivery of Services conforming to the requirements set forth herein. Supplier shall be solely and fully responsible for monitoring said suppliers under all provisions of the applicable subcontracts, and for ensuring that each of its suppliers complies with the requirements set forth herein. Supplier shall remain fully liable to Buyer for, and shall be Buyer's sole point of contact for, all aspects of proper performance of the Order, regardless of (i) any subcontracting, (ii) Buyer approval of the subcontractors, or (iii) Supplier's failure to ensure the relevant subcontracts contain provisions that comply in substance with the requirements set forth herein.

27. FORCE MAJEURE

- 27.1. Supplier shall be liable for any failure or delay in performance in connection with the Order, except where such failure or delay results from causes that are, at one and the same time, unforeseeable, unavoidable, outside of its control and without its fault or negligence, provided Supplier gives Buyer, within 3 days of Supplier's learning of such cause, written notice to the effect that a failure or delay by Supplier will occur or has occurred (an "Excusable Delay"). If a failure or delay in performance is caused by an event affecting any of Supplier's suppliers, such failure or delay shall not be excusable unless such event is an Excusable Delay as defined above and the good or service to be provided by such supplier is not obtainable by Supplier from other sources in time for timely delivery of the Services to Buyer. Buyer may cancel any Order without liability to Supplier its purchase of any Services affected by Supplier's failure or delay in performance.
- 27.2. Buyer shall be excused for any failure or delay in performance due to any cause beyond its reasonable control.

28. DUTY TO PROCEED

Supplier shall proceed diligently with the performance of the Order. Except as expressly authorized in writing by Buyer, no failure of Supplier and Buyer to reach any agreement regarding a dispute related to the Agreement or any Order shall excuse Supplier from proceeding.

29. ASSURANCE OF PERFORMANCE

At any time, if Buyer, in its reasonable discretion, believes that Supplier may not have the ability, for any reason, to continue performing any Agreement or Order, including, without limitation, any material change to Supplier's financial condition, balance sheet, or its credit or similar rating, Buyer may request and Supplier shall provide written adequate assurances from Supplier of its ability, desire and intent to continue performing. Further,

Supplier will immediately notify Buyer in the event Supplier believes it may be unable to pay its debts when due or there is a material change in Supplier's financial position, balance sheet or its credit or similar rating. In the event either or both Parties have concern about Supplier's ability to continue its performance, the Parties will coordinate to ensure that Buyer receives Services without interruption in accordance with the Order. In particular, Supplier will assist and compensate Buyer for the costs associated with transitioning to another supplier, Buyer assuming the performance of the Services itself, and taking other reasonable steps to ensure the Services are performed without interruption according to Buyer's Specifications.

30. SETOFF

Buyer and its Affiliates may withhold, deduct and/or set off all money due, or which may become due to Supplier arising out of Supplier's performance under the Order or any other transaction with Buyer or its Affiliates.

31. GOVERNING LAW AND FORUM

- 31.1. This Agreement and any Order shall be interpreted in accordance with the plain English meaning of its terms and the construction thereof shall be governed by the laws in force in the State of New York, USA without regard to conflicts of law principles, except that Sections 5-1401 and 5-1402 of the New York General Obligations law will apply and except that the United Nations Convention on Contracts for the International Sale of Goods dated April 11, 1980, as amended to date, will not apply. Buyer may, but is not obligated to, bring any action or claim relating to or arising out of an Order in the appropriate court in Connecticut, and Supplier hereby irrevocably consents to personal jurisdiction and venue in any such court, hereby appointing the pertinent Secretary of State or other applicable government authority as agent for receiving service of process. If Supplier or any of its property is entitled to immunity from legal action on the grounds of sovereignty or otherwise, Supplier hereby waives and agrees not to plead such immunity in any legal action arising out of the Agreement and/or Order.
- 31.2. Any action or claim by Supplier with respect hereto shall also be brought in Connecticut, if Buyer so elects. Accordingly, Supplier shall give written notice to Buyer of any such intended action or claim, including the intended venue thereof, and shall not commence such action or claim outside of such jurisdiction if Buyer, within 30 days from receipt thereof, makes its election as aforesaid. If Buyer and Supplier mutually agree to participate in alternative dispute resolution, Supplier agrees that all alternative dispute resolution proceedings shall take place in New York.

32. DISPUTE RESOLUTION

- 32.1. Except as provided below, prior to a Party initiating a formal legal proceeding relating to a dispute under the Order, such Party must provide the other with a written request for dispute resolution. Each Party shall, within 5 calendar days after such written request is received, designate a representative who will be responsible for negotiating, in good faith, a resolution of the dispute. Should the representatives fail to reach agreement within 30 calendar days of receipt of the request, vice presidents of each Party shall attempt to resolve the issue within 60 calendar days of receipt of such written request.

- 32.2. Either Party may (i) resort to a formal legal proceeding for equitable relief at any time and (ii) institute litigation in order to avoid the expiration of any applicable limitations period or to preserve a superior position with respect to other creditors.
- 32.3. The dispute resolution procedures set forth herein do not supersede, delay or otherwise affect any rights of termination that are expressly set forth herein.

33. ORDERS UNDER U.S. GOVERNMENT CONTRACTS

For Orders issued under contracts between Buyer and the U.S. Government or subcontracts at any tier under U.S. Government contracts, the provisions of the "Flowdown Updates" and the version of "Flowdown of U.S. Government Provisions and Clauses Under U.S. Government Contracts" in effect on the date of the particular Order shall apply. These provisions are made available on the Internet at the RTX Supplier Site.

34. DIVERSITY

For work performed in the United States under Orders placed by U.S. Buyers, Supplier shall exercise reasonable commercial efforts to use Diverse Business Enterprises ("DBEs"), as such term is more particularly defined at the RTX Supplier Site. The overall target (i.e., dollar value, percentage of purchases, etc.) for purchases made from DBEs may be set forth in the Order.

35. NEWS RELEASES, PUBLICITY AND OTHER DISCLOSURES

Supplier shall not make or authorize any news release, advertisement, or other disclosure that relates to the Agreement or Order or the relationship between Buyer and Supplier, deny or confirm the existence of the Agreement or Order or make use of Buyer's name or logo without the prior written consent of Buyer.

36. DELAYS

Whenever there is an actual delay or threat to delay the timely performance of an Order, Supplier shall immediately notify Buyer in writing of the probable length of any anticipated delay and take, and pay for, all activity to mitigate the potential impact of any such delay.

37. REMEDIES

Supplier shall be liable for any costs, expenses and damages incurred by Buyer related to or arising from Supplier's acts or omissions under the Agreement and/or Order. Except as expressly provided herein, the rights and remedies set forth herein are cumulative and in addition to any other rights or remedies that the Parties may have at law or in equity.

38. PARTIAL INVALIDITY

If in any instance any provision of the Agreement or Order shall be determined to be invalid or unenforceable under any applicable law by any competent court or arbitration tribunal, such provision shall be ineffective only to the extent of such prohibition or unenforceability. The remaining provisions shall be given effect in accordance with their terms unless the

purposes of the Agreement or Order can no longer be preserved by doing so. The provision declared invalid or unenforceable shall be deemed to be restated to reflect as nearly as possible the meaning and essence of such provision without rendering such amended provision invalid or unenforceable, to the extent permissible by applicable law.

39. SURVIVAL

All rights, obligations, and duties hereunder, which by their nature or by their express terms extend beyond the expiration or termination of the Agreement or Order, including but not limited to warranties, indemnifications, intellectual property (including rights to and protection of Intellectual Property and Proprietary Information), and product support obligations shall survive the expiration or termination of the Agreement or any Order.

40. NO WAIVER

No failure of any Party to exercise any right under, or to require compliance with, the Agreement or Order, or knowledge of past performance at variance with the Agreement or Order, shall constitute a waiver by such Party of its rights hereunder. No concession, latitude or waiver allowed by either Party to the other at any time shall be deemed a concession, latitude or waiver with respect to any rights unless and only to the extent expressly stated in writing, nor shall it prevent such Party from enforcing any rights in the future under similar circumstances.

41. RELATIONSHIP OF THE PARTIES

The relationship between Supplier and Buyer will be that of independent contractors and not that of principal and agent, nor that of legal partners. Neither Party will represent itself as the agent or legal partner of the other Party nor perform any action that might result in other persons believing that it has any authority to bind or enter into commitments on behalf of the other.

42. CAPTIONS

The captions, headings, section numbers, and table of contents appearing in the Agreement and Order have been inserted as a matter of convenience and for reference only and in no way define, limit or enlarge the scope or meaning of the Agreement or Order, or any provision hereof.

43. INTERPRETATION

These Terms and Conditions and any Agreement and/or shall be construed as if drafted jointly by the Parties and no provision in these Terms and Conditions, any Agreement and/or Order shall be interpreted for or against any Party because that Party or that Party's legal representative drafted the provision.

44. ORDER OF PRECEDENCE

44.1. The order of precedence provision in an Agreement, if any, shall prevail over this Section.

- 44.2. In the event of any conflict or inconsistency between the provisions applicable to the Order, such conflict or inconsistency shall be resolved by giving precedence to the provision in the following order of priority:
