- 1.14. "Use" means the right to use, modify, reproduce, perform, display, release, disclose, compile, integrate, embed, and make derivative works of any Technical Data and Computer Software.

2. General

- 2.1. If an Order is placed at any tier under a Prime Contract, additional U.S. Government (hereinafter, "Government") Clauses shall apply as set forth herein. In the event of a conflict between a provision in this document and the Terms and Conditions of the Order, this document shall control to the extent permitted by law. Terms not defined herein shall have the meaning ascribed to them in the Terms and Conditions of the Order.
- 2.2. While Buyer has made every effort to include every potentially applicable Clause in this document, Clauses, the inclusion of which in a subcontract to a Prime Contract is mandatory under Government Acquisition Regulations, shall be considered to be included by operation of law, even if it has been omitted from this document and the Order.
- 2.3. Supplier shall incorporate into each lower-tier subcontract placed in support of the Order all applicable Clauses in accordance with the flowdown requirements specified in each such Clause.
- 2.4. Supplier shall indemnify and hold Buyer harmless from and against any cost, price reduction, withholding, offset, penalty, interest, claim, demand, determination of unallowability or unallocability, or any other civil, criminal, or administrative liability, whether arising under statute, regulation, contract or common law, and shall reimburse Buyer for all of its damages and associated costs, including reasonable attorney fees and other expenses, if said liability is attributable to the Supplier or Supplier's subcontractors' failure to comply with the applicable Clauses.
- 2.5. Notwithstanding any other provisions in this document, Supplier shall comply with, and shall support Buyer's compliance with, any applicable Government Acquisition Regulations and policies.

3. Price Reduction for Defective Cost or Pricing Data

The following provisions shall apply to all Orders for which Supplier is required to submit cost or pricing data pursuant to the Truthful Cost or Pricing Data Act ("the Act"):

- 3.1. Supplier agrees to furnish cost and pricing data certified as to currency, accuracy, and completeness every 3 years, or as frequently as required by Buyer's Customer. To the extent the prices for the Goods and Services are at any time not supported by Supplier's cost or pricing data, Supplier agrees to negotiate fair and reasonable prices for the Goods and Services and to incorporate such prices in the Order. In no event shall any renegotiated unit price for any of the Goods and

Services exceed the unit price incorporated in the Order for such Goods and Services.

- 3.2. Supplier shall reimburse Buyer for any loss or damage in the event that Buyer's Customer makes a determination pursuant to the Clause(s) in, or required to be in, the Prime Contract related to the Act or its implementing regulations because Supplier or a subcontractor of Supplier: (i) failed to furnish cost or pricing data, including any requested data, that is required under the Act or its implementing regulations; or (ii) furnished cost or pricing data that was not complete, accurate, and current as certified, or as required to be certified, in the Supplier's or its subcontractor's certificate of current cost or pricing data. A "determination" by Buyer's Customer means a final decision of a Government contracting officer ("Contracting Officer") or the withholding of money, reduction in any cost, price, or fee from Buyer by Buyer's Customer based on an alleged failure of Supplier or its subcontractors to comply with the Act. The sums paid or payable to Supplier under the Order may be reduced or setoff in the amount by which the sums received or receivable by Buyer from Buyer's Customer (including, but not limited to, the allocable share of Buyer's indirect costs and profit or fee) are reduced based upon such determination.
- 3.3. If an appealable decision is made by a Contracting Officer relating to cost or pricing data required to be submitted, or actually submitted, by Supplier or a subcontractor of Supplier, such decision shall be conclusive upon Supplier, unless Buyer, in its sole discretion, gives Supplier the opportunity to appeal such decision in the name of Buyer. Any such appeal brought by Supplier in the name of Buyer shall be at the sole expense and responsibility of Supplier. If Supplier is given the opportunity to so appeal and elects to do so, Supplier shall, upon Buyer's written request, provide to Buyer advance copies of papers to be filed in such appeal and such other information, consultation, and opportunity to participate in the appeal as Buyer may reasonably request. Supplier shall be conclusively bound by any decision of any Board of Contract Appeals or Federal Court.

4. Inspection of Books and Records

Supplier hereby grants to Buyer or any authorized representatives of the Government the right to:

- 4.1. at all reasonable times, inspect and audit Supplier's books, records and facilities, or such parts of its facilities as may be engaged in the performance of the Order:
- 4.2. examine Supplier's books, records, and data to the extent necessary to permit the adequate evaluation of cost and pricing data used to arrive at the price quoted in the Order (including without limitation claims/proposals submitted pursuant to the Sections of the Terms and Conditions of the Order entitled "Changes" and "Termination for Convenience"); and
- 4.3. conduct audits of Supplier's premises, records, data and documentation pertaining to: quality, inspection and testing of Goods; security and data protection procedures; ethical practices; and, any other requirement or obligation, under the Order.

5. Orders Involving Government Property

- 5.1. Title to facilities, special test equipment, and special tooling acquired, fabricated, or procured by Supplier for Buyer under the Order shall pass to and vest in the Government or Buyer (depending on the line item under which it is acquired) when its use in performing the Order commences or when Buyer has paid for it, whichever is earlier, whether or not title previously vested in the Government or Buyer. The Government shall retain title to government-furnished property.
- 5.2. If the Order contains a provision directing Supplier to purchase material from a vendor for which Buyer will reimburse Supplier as a direct item of cost under the Order, title to material purchased from the vendor shall pass to and vest in the Government or Buyer upon the vendor's delivery of such material to Supplier, and title to all other material shall pass to and vest in the Government or Buyer upon:
(i) issuance of the material for use in Order performance; (ii) commencement of processing of the material or its use in Order performance; or (iii) reimbursement of the cost of the material by Buyer, whichever occurs first.
- 5.3. Supplier shall establish and maintain a system acceptable to the Buyer and the Government and in compliance with FAR 52.245-1 and DFARS Part 245 to control, protect, preserve, repair, and maintain Government Property (as such term is defined therein). Government Property shall be used only for performing the Order, unless otherwise provided in the Order or approved by the Government.

6. Supplier Changes to Specifications; Government Inspection

Supplier changes to Specifications require Buyer's prior written approval regardless of whether the Goods are manufactured pursuant to Supplier's Specifications or to Buyer or Buyer's Customer furnished Specifications. When the Order requires a Government inspection at Supplier's facility, such Government inspection shall be performed prior to shipment from Supplier's facility. Upon receipt of the Order, Supplier shall promptly notify and furnish a copy of the Order to the Government representative normally servicing Supplier's facility so that the Government inspection can be appropriately planned. If a Government representative does not service Supplier's facility, Supplier shall contact the nearest Defense Contract Management Agency ("DCMA") office to plan the inspection. If Supplier cannot locate the DCMA office, Supplier shall notify Buyer immediately.

7. Intellectual Property Under U.S. Government Contracts

- 7.1. Technical Data and Computer Software Ownership and License Rights.
 - 7.1.1. Supplier acknowledges and agrees that the rights in Technical Data and Computer Software to be granted to the Government will be determined in accordance with the regulations set forth in FAR Part 27 and DFARS Part 227 based upon the specific Technical Data, Computer Software, and Goods to be performed under the Order and the assertions of restrictions

on use, release, or disclosure of Supplier's Intellectual Property that are provided to Buyer for delivery to the Government. Supplier grants licenses to the Government as required to be granted in DFARS 252.227-7013, 7014, 7015, 7016 and 7018, or for Prime Contracts with NASA in FAR 52.227-14, for Technical Data and Computer Software acquired, created, or delivered to Buyer in the performance of the Order.

- 7.1.2. For Technical Data and Computer Software in which the Government has Unlimited Rights, Supplier hereby grants to Buyer an irrevocable, non-exclusive, paid-up, worldwide license, with the right to grant sublicenses, to Use, including the right to make or have made, such Supplier's Technical Data and Computer Software for any purpose whatsoever, and to have or authorize others to do so.
- 7.1.3. Except as provided above, Supplier hereby grants to Buyer an irrevocable, nonexclusive, paid-up, worldwide, license to sell and Use Supplier's Technical Data and Computer Software acquired, created, or delivered in the performance of the Order (i) to fulfill Buyer's obligations under the prime contract; (ii) to disclose to third parties for obtaining government approvals, including airworthiness; and (iii) to satisfy other contract requirements for the same or similar Goods.
- 7.1.4. Supplier shall deliver to Buyer all Technical Data and Computer Software needed to fulfill Supplier's obligations in the performance of the Order by the Delivery Date. At Buyer's request, Supplier shall deliver to Buyer all Technical Data and Computer Software acquired or created by Supplier in the performance of the Order, whether or not delivery was required and without additional cost to Buyer.

7.2. Patent Ownership and License Rights

- 7.2.1. For any Subject Invention, Supplier hereby grants the Government a nonexclusive, nontransferable, irrevocable, paid-up, worldwide license to Practice or have Practiced the Subject Invention for or on behalf of the U.S. Government. For NASA Prime Contracts, if required by such Prime Contract, Supplier agrees to assign the Subject Invention to the Government.
- 7.2.2. For any Subject Invention in which the Supplier retains ownership, Supplier hereby grants Buyer a non-exclusive, nontransferable, irrevocable, paid-up, worldwide license to Practice and have Practiced the Subject Invention to the extent necessary to fulfill Buyer's obligations under the Prime Contract, as well as for any other purpose.
- 7.2.3. Supplier acknowledges the Government invention reporting requirements under the applicable Government Acquisition Regulations and hereby agrees to report all Subject Inventions directly to the Government in accordance with these Sections. Supplier shall submit to Buyer a copy of the Government invention reporting letter, without including detailed invention disclosure information.

7.3. General Intellectual Property

- 7.3.1. Supplier represents and warrants that Supplier has sufficient rights in all Intellectual Property that Supplier uses or transfers to Buyer in connection with the Order to allow Supplier to lawfully comply with the Order. If, in the performance of the Order, Supplier incorporates third party Intellectual Property into the Goods, Supplier shall obtain for the Government and the Buyer license rights equivalent to those granted by Supplier herein.
- 7.3.2. Except as expressly authorized herein, nothing in the Order shall be construed as Buyer granting Supplier a license in or any right to use any of Buyer's Intellectual Property other than in the performance of work under the Order.
- 7.3.3. If the Supplier does not receive Government funding to acquire or create Intellectual Property under the Order, the Section of the Terms and Conditions of the Order entitled "Intellectual Property Rights" shall apply to rights in such Intellectual Property in lieu of this Section.

7.4. Data Assertions and Markings

- 7.4.1. Supplier shall properly identify and assert the Supplier's rights in Technical Data and Computer Software delivered to the Government with other than Unlimited Rights in conformance with the applicable Government Acquisition Regulations. For assertions made subsequent to the effective date of the Order, the Supplier shall describe why the assertion is an inadvertent omission or new information before the Buyer will submit such assertions to the Government. Supplier shall properly mark all Technical Data and Computer Software that Supplier delivers to the Buyer in connection with the Order. Supplier represents and warrants that it has written procedures and maintains records sufficient to justify the validity of all restrictive markings.
- 7.4.2. If the Supplier's assertions do not comply with the applicable Government Acquisition Regulations, the Government rejects the Supplier's assertions, or the Supplier does not correctly mark Technical Data or Computer Software, the Buyer assumes no responsibility or liability for any loss of rights by the Supplier. Supplier is responsible for ensuring that markings and assertions are consistent. If the markings and the assertions are inconsistent, Buyer may submit such inconsistently marked Technical Data or Computer Software to the Government and the Supplier assumes the risk of loss of rights. In the event the Government rejects the Supplier assertions, Supplier agrees to work diligently with the Buyer to immediately correct such rejections such that there is no negative impact to Buyer's delivery obligations under the Prime Contract.

7.5. Patent Indemnification

- 7.5.1. To the extent that the Prime Contract includes the Authorization and Consent provision under FAR 52.227-1, the Government shall authorize and consent to the Supplier's use and manufacture of any invention

described in a United States patent in accordance with the Prime Contract. If the Government has assumed liability for U.S. patent infringement under the Prime Contract, Supplier is relieved of its obligations for such U.S. patent infringement under the Section of the Terms and Conditions of the Order entitled "Intellectual Property Indemnification", but only to the extent such liability is indemnified by the Government.

- 7.5.2. If the Prime Contract includes the Patent Indemnification provision under FAR 52.227-3, and if the Buyer's liability to the Government is for the infringement of a U.S. patent related to the Goods, the Supplier shall indemnify the Buyer under the same provision provided for in FAR 52.227-3 which is incorporated herein by reference, except that the terms "Contractor", "Government", "contract" and "Contracting Officer" shall be replaced by "Supplier", "Buyer", "Order" and "Buyer" respectively.

8. Equal Opportunity

For covered Orders, Supplier shall abide by the requirements of 41 CFR §§ 60-1.4(a), -1.4(b), -300.5(a), and -741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or veteran status. These regulations also prohibit covered prime contractors and subcontractors from discharging or in any other manner discriminating against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant, except as otherwise set forth in CFR § 601.4(a)(3).

Supplier shall abide by the employee notice requirements set forth in 29 C.F.R. Part 471, Appendix A to Subpart A.

9. Clauses Incorporated by Reference in the Order

- 9.1. The Clauses listed below are incorporated by reference in the Order, with the same force and effect as if they were given full text and notwithstanding the requirements of FAR 52.102. The effective version of each Clause shall be the same version as that which appears in the Prime Contract or higher-tier subcontract under which the Order is issued. In the event of a conflict between the Clauses in this document and the Clauses set forth in the Order, these Clauses shall control. In the event of a conflict with, or addition to, a Clause in effect on the Order date and a Clause of the Prime Contract, the Prime Contract Clause shall control. If, based on their

content, any of the Clauses do not apply to the Order, such Clauses are considered self-deleting. The full text of these Clauses can be accessed on the Internet at <https://www.acquisition.gov/content/regulations>.

- 9.2. The Clauses listed in this document may require the submission of certifications and representations. When requested by Buyer, Supplier shall furnish any certification or representation that Buyer determines is necessary for compliance with such requirements.
- 9.3. Whenever necessary to make the context of the Clauses applicable to the Order, the term "Contractor" shall mean Supplier, the term "Contract" shall mean the Order, and the term "Government", "Contracting Officer" and equivalent phrases shall mean Buyer, except the terms "Government" and "Contracting Officer" do not change: (a) in the phrases, "Government Property", "Government-Furnished Property", and "Government-Owned Property", (b) in the patent Clauses incorporated herein, (c) when a right, act, authorization, or obligation can be granted or performed only by the Government or the Contracting Officer or a duly authorized representative, (d) when title to property is to be transferred directly to the Government, (e) when access to Proprietary Information is required, except as specifically otherwise provided herein, and (f) where specifically modified herein.
- 9.4. Notwithstanding anything to the contrary in the Clauses, all disputes between Buyer and Supplier under an Order shall be governed by the dispute resolution provisions set forth in the Terms and Conditions of the Order.
- 9.5. The Clauses listed below under the heading, "Commercial Item Acquisitions," are applicable when the Supplier is furnishing Goods or Services that qualify as a "commercial item" under FAR 2.101. Upon request, Supplier shall provide relevant documentation to support Supplier's assertion that its Goods or Services satisfy the definition of "commercial items" under FAR 2.101. Further, Suppliers of commercial items agree to all additional clauses in Buyer's higher-tier contract necessary for Buyer to satisfy its contractual obligations as they relate to the Order.
- 9.6. By accepting an Order issued, Supplier hereby certifies that its last "Annual Offeror Registration Data, Representations and Certifications" CR-003 submitted to Buyer is current, accurate and complete as of the date of the Order.
- 9.7. To the extent an Order includes a Defense Priorities and Allocation System ("DPAS") rating (a "DPAS Rated Order"), Supplier shall follow all the provisions of 15 CFR 700 Et Seq. (the "DPAS Regulation"). All DPAS Rated Orders must be accepted or rejected in writing (hardcopy or electronic format) as follows: (i) "DO" DPAS Rated Orders must be accepted or rejected within 15 working days after Order receipt by Supplier; (ii) "DX" DPAS Rated Orders must be accepted or rejected within 10 working days after Order receipt by Supplier; and (iii) rejections must specify the reason for the rejection. If, after acceptance of the Order, Supplier subsequently finds that shipment or performance will be delayed, Supplier must notify Buyer immediately in writing (hardcopy or electronic format), provide reasons for the delay, and advise of a new shipment or performance date. For Orders that include both DPAS Rated Order quantities and unrated Order quantities, Supplier

is only required to follow the DPAS Regulation as it pertains to rejections of the DPAS Rated Order quantities.

- 9.8. By acknowledging the Order, Supplier hereby certifies that it and/or any of its principals, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal Agency.
- 9.9. Nothing in the Order grants Supplier a direct right of action against the Government.

Commercial Item Acquisitions:

For Orders placed in support of and charged to a Prime Contract or higher-tier subcontract for an item meeting the FAR definition of a commercial item, the following Clauses shall apply in addition to any Clauses set forth in the Order.
